

CORNERSTONE LEARNING

Extended Enterprise

Deliver training and networking to your extended network of customers and partners

To remain competitive, businesses today must find ways to leverage their networks of suppliers, distributors and customers to increase revenue and mindshare. Organizations must train their networks to drive loyalty and extend learning initiatives to foster deeper relationships, support growth and directly influence business outcomes.

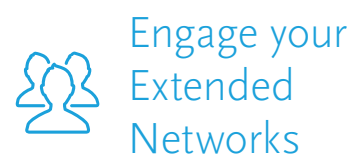

In today's competitive environment, training programs shouldn't stop with your internal workforce. Cornerstone Extended Enterprise is the most comprehensive software solution for training, connecting, certifying and enabling your organization's external audience, including customers, partners, franchises or members. Whether you want to build a new profit center from your existing training programs or drive partner effectiveness in selling your products, Cornerstone Extended Enterprise gives you complete control with the right technology, content and supporting services.

Deliver training on your products and services to improve compliance, satisfaction and product time to market.

Create a learning for revenue model with flexible options to charge for training by user or by registration and evolve your LMS strategy into new business areas.

Provide online communities where customers and partners can connect, share ideas and provide feedback.

Enable your customers and partners with a training and collaboration platform that improves product knowledge and drives revenue.
