

ADP® & Cornerstone

Organizations today are tasked with doing more with less while maintaining accurate employee information that is accessible to executives and department managers. ADP and Cornerstone OnDemand have jointly developed a productized integration between Workforce Now and the Cornerstone Clouds. Information about employees, organizational structures and manager status are sent from ADP to Cornerstone on a nightly basis to ensure employees are accessing the right information within Cornerstone.

Not only does the integration between ADP and Cornerstone help maintain data accuracy for managers and administrators, it also creates a seamless end user experience. Through Single Sign On (SSO), employees can quickly and easily access their records from Cornerstone and complete assigned tasks and training. The SSO link can be placed within any of the Home or Resources tabs making the end user experience as seamless as possible.
